SUMMARY

Reliable professional offering exemplary talents in troubleshooting and data analysis. A smart Programmer Analyst knowledgeable in software testing, identifying issues and finding effective solutions, and providing program development documentation.

SKILLS

- Object-oriented languages
- Troubleshooting and modifications
- Creative
- Team management
- Program development documentation
- Debugging
- Self-motivated and organized
- Software design and testing
- Root cause analysis
- Requirement's definition
- Critical Thinking
- Good communication and presentation skills

EXPERIENCE

Programmer Analyst

Cognizant Technology Solutions India Private Ltd. | Tamil Nadu, India | Dec 2019-May 2021

- Applied jQuery scripts for basic animation and end-user screen customization purposes.
- Documented bug reports, tickets and code changes into Truprovider application.
- Collaborated with project and product managers to set goals and scope projects.
- Monitored website performance to quickly rectify front-end-related issues.
- Troubleshoot, tested, and remedied issues before software deployment.
- Defined and conducted design processes at all stages, including research, conceptualization, testing, and implementation.
- Maintained strong education in the latest technologies, software, and hardware products for use in various projects.
- Reviewed project specifications and devised solutions for use across multiple websites.

- **Databases:** Microsoft SQL Server, MySQL
- **Operating Systems:** Windows-10,11, Linux
- Version Control System: Github
- **Other Tools:** Latex

EDUCATION AND TRAINING

Advanced Diploma: Health Informatics Technology

Centennial College of Applied Arts And Technology | Scarborough, ON | Expected in April 2023

Bachelor of Technology: Computer Science and Engineering

Jyothi Engineering College | Thrissur Kerala, India | June 2019

High School Diploma

St.Raphaels Cathedral School | Palakkad Kerala, India | May 2015

CERTIFICATIONS AND ACHIEVEMENTS

- Presented a paper in "3rd National Conference on Emerging Trends in Engineering and Technology" on the topic "Real World Applications of Fuzzy Logic".
- Participated in various cultural activities.
- Participated in various sports events.
- MOOC course in Design Analysis of Algorithms.
- MOOC courses authorized by Google cloud and offered through Coursera.
- Participated in a workshop on introduction to programming.
